PROFESSIONAL SUMMARY

Experienced Full-Stack Developer with over 3 years of expertise in building large-scale, high-performance, and scalable web applications. Specializing in Python, .NET Core (C#), JavaScript, and modern web technologies. Combining solid engineering skills with hands-on digital content creation experience to deliver comprehensive, user-centered solutions.

TECHNICAL SKILLS

Frontend:	HTML5/CSS3, JavaScript/ES6+, Next.js (Basic)
Backend:	Python, .NET Core (C#), ASP.NET, Blazor, RESTful APIs
Database:	SQL (DB design & queries), Database optimization
DevOps:	Docker, AWS (basic cloud services), CI/CD (Basic)
Tools:	Visual Studio Code, Visual Studio 2022, Git
AI Tools:	Cursor, GitHub Copilot, Claude, GPT, Gemini, Google AI Studio
Content:	Adobe Premiere Pro, Photoshop, CapCut, Content Strategy

PROFESSIONAL EXPERIENCE

Full-Stack Developer | *2021 - Present*
• Developed large-scale web applications with Python, .NET Core, and JavaScript
• Built high-performance, scalable solutions for various clients
• Integrated AI tools to accelerate development and improve product quality
• Collaborated with cross-functional teams to deliver end-to-end solutions

Content Creator & Digital Media | *2020 - Present*
• Created engaging digital content on TikTok (9K+ Followers)
• Produced videos using Adobe Premiere Pro and CapCut
• Worked as MC at TNTV (Thai Nguyen Television)
• Developed content strategy and scriptwriting skills

KEY PROJECTS

HE Coffee — Cafe Management App
An internal system for managing menu items, orders, tables, and daily reports. Focused on clean UI, fast input flows, and exportable summaries.

Technologies: Python, HTML, CSS, JavaScript

LearnLangs — Language Learning App
A learning platform with AI pronunciation assessment, vocabulary games, and exam modules. Built for performance and extensibility.
Technologies: C#, .NET Framework, ASP.NET, Blazor

typingtest — Typing Practice App
A minimalist typing trainer inspired by Monkeytype. Practice with random text, timed or word-count modes, and real-time metrics (WPM, accuracy, errors).
Technologies: Python (Flask), HTML, CSS, JavaScript

EDUCATION & CERTIFICATIONS

Self-Taught Full-Stack Development | *2019 - Present*
Continuous learning and professional development in web technologies, software engineering, and modern development practices.

Content Creator Certification | TikTok, YouTube
Media Production | MC at TNTV
